COVER STORY

Innovative Solutions for Large Engines

8

The ecological and economic requirements to be met by **large engines** will increase. Additionally, demands regarding their specific power output are growing. ABB and Mahle provide innovative solutions to support the engine manufacturers in competing on the worldwide market.

COVER STORY

Large Engines:

- 4 **New Monobolt Piston Design for Large Engines**

Timo Estrum, Jochen Kortas, Christof Geissler

- 8 **The New A100-H Singlestage Turbocharger Series for High-speed Engines**

Dirk Wunderwald, Tobias Gwehenberger, Martin Thiele

DEVELOPMENT

Ignition:

- 16 **Adaptive Multi Charge Ignition for Critical Combustion Conditions**

Peter Weyand, Walter F. Plock,
Claude Weiten, Sebastian Schilling

- 24 **From Cold-start Aid to Adaptive Glow System**

Bernd Ketteler, Stephan Ernst, Wolfgang Dreßler

Valve Gear:

- 30 **The Valvetronic – Experience from Seven Years of Mass Production and a Discussion of Future Prospects**

Harald Unger, Christian Schwarz,
Jürgen Schneider, Karl-Friedrich Koch

- 38 **Friction and CO₂ Reduction through an Integrated Approach of Valvetrain Components**

Christof Struwe, Stefan Schattenberg, Michael Schebitz

Rolling Bearings:

- 42 **Opportunities for Reducing CO₂ Emission by Using Rolling Bearings in Engines**

Peter Solfrank, Arndt Ihlemann, Lisa Dombos, Tobias Mederer

Engine Management:

- 50 **Crank Angle-resolved Realtime Engine Simulation for the Optimization of Control Strategies**

Steven Amphlett, Thomas Fickenscher, Patrick Niven

RESEARCH

- 56 **Research News**

Emissions:

- 58 **A Phenomenological Mean Value Soot Model for Transient Engine Operation**

Konstantinos Boulouchos, Patrick Kirchen

Measurement Techniques:

- 66 **Spectroscopic Analysis of the Combustion in Diesel and Gas Engines**

Roland Pittermann

Fuels:

- 74 **Engine Process Behaviour and Exhaust Emissions Alternative Fuels Compared with Diesel Fuel**

Horst Harndorf, Ulrike Schümann, Volker Wichmann, Christian Fink

RUBRICS | CONFERENCE REPORT

- 3 **Editorial**

- 3 | 23 **Imprint**

- 80 **29. International Vienna Motor Symposium**
